User's Manual

1. Getting Started

This document is designed as a guide to assist you while navigating through the New Airgas Punchout site. This guide is intended to educate you on new and existing features and functions while providing you a user friendly shopping experience.

1.1 Logging In

Go to your eProcurment system. You will login the sameway you have done in the past with your User ID and password that was provided together with you Airgas Punchout User's Documentation.

1.2 Main Navigation Menu

The Main Navigation menu displays a list of available pages:

Switch Account a link to the Switch Accounts Page where the user can have access to multiple accounts.

Dashboard a snapshot of your latest account information.

My Lists > View All of My Lists a link to your saved shopping list(s)

Orders > Quotes a link to view all of your created quotes.

More > Certificate of Analysis a link to a document issued by Quality Assurance that confirms that a regulated product meets its product specification.

More > MSDS Sheets a link to a library of all gases

1.2.1 Account Dashboard Page

Upon login, you will automatically land on the *Account Dashboard Page*. The Account Dashboard feature allows you to manage your account more efficiently and gives you a snapshot of your latest account information.

You can also click on the account dashboard link in the header navigation to reach this page at anytime during the checkout process.

1.2.2 Switch Accounts Page

The *Switch Accounts Page* is where accounts can be switched for customers whom have access to multiple accounts. It is a convenient way to navigate another account and continue shopping without having to log off of the Airgas Punchout Site. You can search for a specific account in the allocated search box.

Select the radio button underneath "PREFERRED (DEFAULT)" and click "Save Preferred Account" to automatically login as any given account each time you visit the site.

1.2.3 My Lists

My Lists drop down provides a link to your saved shopping list. The purpose is to allow you to shop even when you are not ready to purchase. It stores what you have entered so you can come back at a later time to complete your order.

Add List to Cart Click on "ADD TO CART" to add the items in the list to the cart. **Delete List** To delete a list click on the "x" that is to the left of the List Name.

1.3.5 Search Results

The search feature allows you to enter a part number, MSDS, Manufacturer or item description (ex. gloves, gas) to return a list of *Search Results*.

1.3.6 Products

Click on the "PRODUCTS" button to view the Category Page. The Category Page is discussed in the next section.

User's Manual

1.3.7 Category Page

We offer a variety of items and have them categorized on the *Category Page* to allow you to easily find what you are looking for. To the left in the picture is a breakdown of how many items are in the catalog for each category.

1.3.8 Category List Page

After clicking a category you will be directed to a *Category List Page* displaying it's corresponding products or subcategories.

User's Manual

1.4 The Homepage

Though you will not land on the *Homepage* when you initially log in, it offers navigation options to anywhere on the site. If you find yourself stuck on a feature you can always go back to the homepage to view your full slate of options.

 Note the different toolbars and dropdown menus displayed which will be explained further throughout this document.

The punchout site is designed to be user friendly and give the customer a simple way to purchase supplies. The more familiar you are with the features and functions the easier and more pleasant your shopping experience will be. We hope this is a good start and reference to the site. Please take the time to review and then practice each of the discussed points to maximize your time.
